EXPERIENCE

08.2022 - 08.2020

IEBC

IEBC POLLING AND COUNTING CLERK

Working for DEMOCRACY again! I was a clerk in charge of the electronic voter identification and verification using the IEBC's KIEMS Kit in the August 8th 2022 Kenyan General Elections.

02.2021 - 03.2021

Kasarani Maternity Hospital

External Network Maintainer

Here my expertise and services were contracted to redo the cabling and truncking of the hospital network which integrated Computers, CCTVs, other IoT devices, and also a server running the Hospital Management System .

07.2020 - 08.2020

The Judiciary, Eldama Ravine Magistrate Courts

Data Entry Clerk

In the corridors of justice, I uploaded mass hardcopy case files into the Judiciary's online portal, an excersice that sought to streamline workflow of Kenyan Courts and ensure quick handling of numerous pending cases, lest we forget, justice delayed is justice denied. I become the right hand man of Magistrates and staff who had a hard time doing computer tasks.

08.2017 - 08.2017

IEBC

IEBC POLLING AND COUNTING CLERK

Working for DEMOCRACY!!! I was a clerk in charge of the electronic voter identification and verification using the IEBC's KIEMS Kit during the controversial August 8th 2017 General Elections. Elections being a high mass voter exercise, I was at the backbone of the whole voting process at the polling station.

01.2017 - 09.2017

The Club Side Point Bar and Restaurant, Eldama Ravine Bar Tender

Charged with the responsibility of serving drinks and attending to customers needs, stock keeping and financial transactions. Working in the Food, Drinks, Beverage and Entertainment Industry I learnt how to work and deal with customers of all kinds and personality and also how to command respect and authority from them and my fellow staff.

HOBBY

I am a security and war enthusiast. I take time in following, understanding and marveling on man methods and tactics in the art and or industry of war, including his weapons, technology and general troops organisation.

Being a tech geek Devices, computers , Software and many other technological inventions serve to fascinate me. I follow on both emerging trends and old skull tech and the science behind it.

I am a dog person. I also breed them for commercial purposes. I am also a conservatitive of nature, Flora and Fauna. I oppose the human idea of land and its natural resources being exclusively for human benefit and exploitation.

Automobils, engines and vehicles are my thing.

Like learning Ancient and Traditional art and culture especially that of the African people

Football fan, Chess Player and a quality Billiard's Table Player

PERSONALITY

- Multiple MBTI Personality tests and peoples observations map me as an INTP. The flexible thinkers and Logicians (INTPs) enjoy taking an unconventional approach to many aspects of life. They often seek out unlikely paths, mixing willingness to experiment with personal creativity. Logicians pride themselves on their unique perspectives and vigorous intellect. They can't help but puzzle over the mysteries of the universe - which may explain why some of the most influential philosophers and scientists of all time have been Logicians. This personality type is fairly rare, but with their creativity and inventiveness, Logicians aren't afraid to stand out from the crowd. In addition, they are often happy to play devil's advocate in order to keep an interesting discussion humming along. Below are an INTP's core cognitive functions:
- Dominant Introverted Thinking
- Auxiliary: Extraverted Intuition
- Tertiary: Introverted Sensing
- Inferior: Extraverted Feeling
